

### Visit Principal Tim Ferguson of Collier County Public School District

Learn how administrators from Collier County Public School District used 21st Century education philosophies to deploy a 1-to-1 laptop program and advance the district's education goals.

Tim Ferguson will be in DyKnow's booth (#0909) at NECC:

**Monday, June 29th**

9:00-11:00am or 1:00-3:30pm

**Tuesday, June 30th**

9:00-11:00am or 1:00-3:30pm

### Hands-on Tablet PC Workshops

Experience what it is like to be a "student" in a Tablet PC classroom by working through a sample lesson taught by a real teacher. Participants will have an opportunity to experience how the teacher uses Tablet PCs and DyKnow software to engage students using techniques such as collaborative note-taking, polling, student work sharing, group work, computer monitoring and content replay. Additional sources of information related to teaching with Tablet PCs, including information about the annual Workshop on the Impact of Pen-based Technology on Education (WIPTe), will be provided.

#### Monday, June 29th

Time	Presenter/School
8:30-9:30	Dave Berque, DePauw University
11:00-12:00	Cera Marsh, Mt. Pisgah Christian School
